038443Davison-1-Groundwater Sampling Results.pdf

Hi all-

It was nice to meet everyone yesterday. I have attached a copy of the GW Sampling results report from SDDL's May/June event. The location of the wells that were sampled are highlighted in Figure 1. While I haven't had a chance to look closely at the data, the location of monitoring wells 202, 203, 210, 210A, 210B, 215A, 215B, and 216 are in close proximity to the locations of the VI sampling and may be of use to you. Please let me know if you have any specific questions or if I can pull together any data or tables that would be helpful to you.

Thank you-Jenny

Jenny Davison

Jenny, please see attached letter that provides the results of groundwater sampling conducted in May / June 2015. Hard copy can be provided on request. If you have any questions please let me know.

Regards,

**Julian Hayward, P.Eng.**
